This gorgeous custom home sits on one of the largest lots in the neighborhood, directly across the street from Jack Hill Park. Floor to ceiling windows in the front of the home allow for excellent views of the park and provide an open, airy space in which to relax and entertain. The home boasts three gas fireplaces including one in the master retreat area, and dual air conditioning zones with dual ac units. There are heated floors in the luxurious master bath with a separate shower and jetted tub, large walk in closets throughout the home, and a central vacuum. There is also plenty of room for parking, with an oversized three-car garage and space outside for several more vehicles, an RV or a boat. Enjoy a large, mature backyard and patio along with top rated schools -- Elk Grove Elementary and Joseph Kerr Middle School -- within walking distance.
